

Monitoring Student Performance

Planbook

Parents and students are encouraged to check Planbook regularly to stay current with lesson goals, homework assignments, and class assessment dates. When absent, students can find the calendar in the upper left corner; click on the absent date to get makeup assignments for each teacher. Go to the WBMS website to access Planbook.

Focus Parent Portal

Parents are encouraged to monitor student performance regularly by creating a Focus Parent Portal account. Once logged in, you can access detailed grade reports by clicking on each class grade, attendance, and test history. To setup your Focus Parent Portal account contact student grade level counselor.
