

Signature Page for Florida Statute Compliance

The following excerpts from Florida Statutes need to be complied with in the preparation of the budget for your school center. Be sure that the minutes from the Advisory Council meeting reflect the discussion of the budget. That is what the Auditors will look for when verifying that you have complied with the statute.

Please read and type your name in the space provided as a statement that you have complied with these regulations. (Just click on the signature line to begin typing.)

Florida Statute 1001.452(2): Each advisory council shall perform functions prescribed by regulations of the district school board; however, no advisory council shall have any of the powers and duties now reserved by law to the district school board. Each school advisory council shall assist in the preparation and evaluation of the school improvement plan required pursuant to s. [1001.42\(18\)](#). With technical assistance from the Department of Education, each school advisory council shall assist in the preparation of the school's annual budget and plan as required by s. [1008.385\(1\)](#). A portion of funds provided in the annual General Appropriations Act for use by school advisory councils must be used for implementing the school improvement plan.

Florida Statute 1008.385: Each district school board shall maintain a continuing system of planning and budgeting designed to aid in identifying and meeting the educational needs of students and the public.

I hereby certify that I have read the above Florida Statute excerpts and in the preparation of the school budget for fiscal year 2021-22 have complied with the requirements.
